Accessories

Home Theater & VIP Cinema Seating

Various accessories can be included to meet the requirements of each cinema generously proportioned lecterns integrated into the seat's armrest, USB port, adjustable LED light, LED numbering, cup holder, tray, individual rotary table and side table between two seats.

REMOVABLE ARMREST

Removable arm is the perfect accessory for those who purchase theater seats with either a middle loveseat or sofa layout. Its slim profile supports your arms with its plush padding, yet it doesn't take up much room, so you still have ample space to sit in complete comfort.

The arm is equipped with a full-sized black cup holder that will hold most cans and drinks. The arm simply slides in between two seat cushions, fitting snugly into position.

REMOVABLE STORAGE ARMREST

Enjoy our removable theater seating arm, equipped with a handy top storage compartment and a full-sized black cup holder. The perfect accessory for those who purchase theater seats with either a middle loveseat or sofa configuration.

Its slim profile supports your arms with its plush padding, yet it doesn't take up much space, so you have ample room to sit in complete comfort. The storage compartment is easily accessible and holds remote controls and other small items. The removable arm simply slides in between two seat cushions, fitting snugly into position.

POWER HEADREST

POWER HEADREST

Features single electrical motorized mechanism – a power headrest and power recline. This provides relief for any head and neck stress, along with enjoying that perfect viewing angle when reclined to your desired position. Headrest can be articulated back and forward using power buttons on inside arm switch.

MOTORIZED LUMBAR SYSTEM

Automatically achieve optimal lower lumbar support for muscle relief and overall body wellness.

USB DOCK POWER SWITCH

The power switches include a USB port to power up your devices.

RECLINING SYSTEM

Automatic single electrical motorized mechanism which allows the both backrest and footrest together to be adjusted by the user. An electric recliner specifically designed where capacity and comfort are equally important, the backrest "Zero Wall" reclines into the space vacated by the seat moving forward.

COMPREHENSIVE WARRANTY

We take great pride in the way we manufacture our products with our expert craftsmen paying keen attention to every detail, so that our furniture adds comfort to your life. We've backed up the quality of our products with a solid industry-leading warranty to make you even more comfortable with your decision to purchase SEGASit Seating products.

We provide a full 3-year limited warranty on our frames, springs, and motion recline mechanisms. Our furniture is built to last.
