DIMENSIONS (mm)

CHARACTERISTIC FEATURES

Dimensions

- Centre-to-centre dimension is 56 cm.
- The nominal space for the user is 49 cm.

Seat and Backrest units

- All paddings are produced with cold-molded CMHR polyurethane foam technology,
- Both backrest and seat padding have a carefully crafted ergonomic design, with a density of 50-60 kg/m³.
- The seat and backrest padding is a single block of molded polyurethane foam that incorporates an internal metal frame structure to provide sitting comfort for a long time.
- Upholstered with a padded cover, removable by means of a zipper.
- Tip-up seat folds automatically with an inside weight balance system. Totally silent and maintenance-free.

Side Panels

- Fixed and shared armrest box in ergonomic design.
- Fully upholstered with a padded cover.
- Equipped with an anti-panic beech plywood writing tablet with a mechanism that provides strong durability.

Structure

- The lateral feet are made of a 8 mm thick MDF box designed and produced to provide durability and long life.
- The lateral legs are fully upholstered with padded covers.
- The lateral legs are joined to a steel base and fixed to the floor using metric screws or other suitable types of anchorage for each type of surface.
- The fully upholstered backrest padding is fixed to a metal structure, which is joined to the lateral legs with a concealed insertion system to provide strong durability
- The system is very resistant and ensures the perfect alignment of the backrests when forming a row.
- The metal parts are painted with electrostatic powder paint. Coat thickness 80 microns $\pm$ 10.

Options
